FORCE
360™

SETTING THE STANDARD!

**Our Food Grade CRG range is certified
to both Australian and European Standards**

The FPR203, FPR204, FPR206 & FPR207 combine comfort and value for the food industry. The range has been designed and developed in Australia and incorporates the latest technologies and materials in its construction.

FEATURES

- ▶ Ambidextrous design that allows the glove to be worn on either hand or reversed
- ▶ May be used as a liner glove
- ▶ Available in white (FPR203), blue (FPR204), hi-vis yellow (FPR206) or hi-vis orange (FPR207) for specific tasks to avoid cross contamination
- ▶ The components of this glove are food contact approved according to Directive 2002/72EC for safe handling of meats, fish, shellfish and vegetables
- ▶ Certified by SAI Global to Cut Level D under EN388:2016
- ▶ Certified by SAI Global to Cut Level 5 under AS/NZS2161.3
